

Zephr 6 Speed Digital Spa Blower

THE ULTIMATE COMFORT WITH THE ADVANCED, EFFICIENT AND QUIET SPA BLOWER.

UNMATCHED EFFICIENCY

Our new spa blower features a brushless DC motor that operates at an incredible 100,000 RPM, significantly higher than the conventional 18,000 RPM brush motor. This innovation not only makes our blower extremely compact but also highly efficient, using just one-third of the power of traditional spa blowers while maintaining maximum pressure.

CUSTOMISABLE COMFORT

With six adjustable speeds, WKH =HSKU spa blower allows you to control the amount of air introduced into the spa pool to match your preferences. Unlike conventional blowers that can be too vigorous and splash water out of the spa, our blower provides a gentle air massage at lower speeds, ensuring a tranquil and relaxing experience.

QUIET OPERATION

Enjoy a peaceful spa experience with our new blower. Its brushless DC motor ensures quiet operation, and at lower speeds, it becomes even quieter, perfect for a gentle air massage. Say goodbye to the noisy, turbulent spa blowers of the past.

BRUSHLESS DC MOTOR FOR LONG LIFE

Integrated electronic monitoring and safety circuits to prevent overheating and premature wear.

MORE FEATURES & BENEFITS

QUALITY MATERIALS

Borrowing ideas from the automotive industry the highest quality materials have been used in the manufacture of your Spa Blower. From UV stabilised polycarbonate, to German designed Inverter Power Supply and unique anti-vibration motor mount.

INTELLIGENT CONTROL

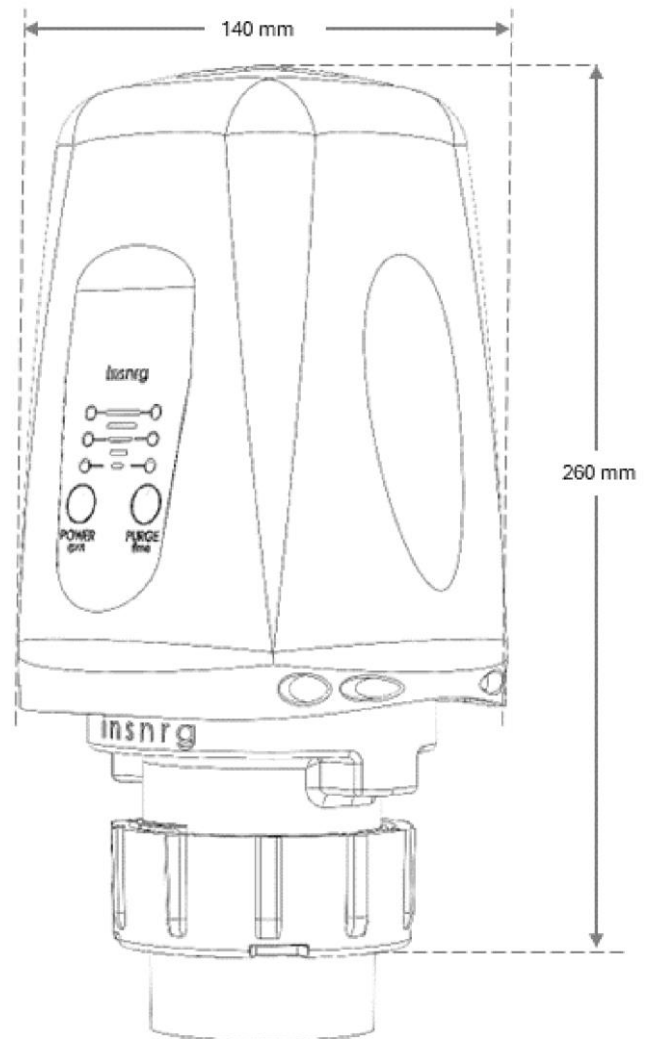

Because the Zephr Blower has multiple micro processors it has multiple in built safety systems to extend its life and keep your Spa safe.

Over temperature sensors shut the blower down in the event of extreme heat.

Air flow sensors ensure the motor safely closes down in the event of a plumbing or air blockage while current sensors ensure it will only operate with the correct power supply. All of these smarts help your blower last longer and operate efficiently

DIMENSIONS & SPECS

RELAX, YOU'RE COVERED (WARRANTY & DEALER SUPPORT)

Your Zephr Digital Spa Blower is covered by a one year warranty against defects in materials or workmanship. For complete warranty details refer to your Installation and Operating Manual
